33(1) An operator of a licensed facility shall provide outdoor play area materials and equipment that are varied and in sufficient quantity for the number and ages of the children receiving services at the licensed facility. Comments: Deficiency is now compliant	33(1)	Apr 24, 2026	May 26, 2026

**General Comments**

On April 2, 2026, licensing staff received photographs from a member of the facility's management team confirming that the contact information for both licensing staff and the facility administrator is posted in a visible and prominent location within the facility.

On May 26, 2026, licensing staff conducted a Follow-Up License Renewal Inspection at the licensed facility. At the time of inspection, all previously identified compliance orders had been addressed and brought into compliance. Even though some materials have been added to the outdoor play environment, the sand boxes need more sand in them along with sand box accessories. On the day of the Follow-Up License Inspection, an educator emptied the water that accumulated inside the recycled tires from the rainfall on the day prior to the inspection to ensure the safety of the children.

General Comments

Based on these findings, licensing staff recommend that the facility be approved for license renewal.
