General Comments
<p>Regular monitoring inspection was performed on this date. Children were observed sitting for a large group discussion about penguins. The educator encouraged children to share what they knew about penguins and then read a non-fictional book about penguins to the children. Transition to the bathroom and getting ready to go outside was smooth and the educator utilized songs as a part of the transition.</p> <p>Children were encouraged to get ready for outdoor play independently and educators provided assistance as needed.</p> <p>The outdoor play space has been reduced slightly with metal fencing in place because construction is taking place on the roof of the building and 10 feet of clearance was needed. The construction was observed to be taking place safely.</p> <p>Snow fencing is to be secured and maintained until permeant fencing is in place. Licensing staff will follow up once the ground is thawed, and the fencing can be repaired.</p> <p>Positive behaviour strategies were utilized throughout the inspection,</p>
