General Comments
<p>The children arrive with the bus around 3:13.</p> <p>They came upstairs, put their items on their hooks and they were asked to wash their hands before snack. After snack, the children played and then they did a science experiment with the educators. The educators ensured all children had a chance to participate and contribute to the experiment.</p> <p>There is a different theme every day such as experiment day or game day and the activities are preplanned by the educators.</p> <p>The educators were engaged with the children throughout the inspection, they walked around the room, they talked with the children and provided encouraging words such as positive feedback on children's drawings.</p> <p>The indoor play space contains different materials and of sufficient quantity for all children present. The children have access to toys such as doll houses, blocks, Legos, art and craft materials and a large cabinet of books.</p> <p>The outdoor play space was inspected and is in compliance with all Regulations. Staff were also engaged with the children outside and organized a game with them.</p> <p>Everything is in compliance; I recommend for renewal.</p>
