### General Comments

Children were eating afternoon snack when I arrived. After the snack the children started to play a Monster High card game and battleship. One educator played the monster high card game with the children and the other educator played battleship. Once the games were over the children went to the outdoor play space. There they played on the swings and played volleyball. One educator pushed the children on the swings while the other played volleyball.

The indoor place is clean and organized.

Please repair the heater at the top of the stairs.
