<p>General Comments</p> <p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this morning including dramatic play, stories, outdoor play, sensory opportunities, music and movement and gross motor play. The infants were observed reading stories with their educators and trying on a variety of costumes. The children in the Twos Room were exploring a small climber; they were observed testing their limits by jumping, crawling and climbing. The preschool group spent the majority of the morning outdoors, when they arrived back indoors their educator read a story and they participated in a game of "The Floor is Lava".</p> <p>Purposeful planning is evident through documentation, invitations and materials added to the environments to support the children's current interests (animals, colours, music, cooking/food, babies, zebras, dumping/throwing, and transportation). The children in the Preschool Room have a classroom friend, "Sal the Sloth" - each child has had a turn taking Sal the stuffed toy home for the weekend. The families have taken photos and written journal entries about their child's adventures with Sal. The educators have created a book with the photos and journal entries for the children to revisit each other's experience with Sal the Sloth.</p> <p>Handwashing routines were observed before lunch. Monthly fire drills are documented. Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection. New staff file (2) review was completed; all required documents are in place. Facility is currently meeting the 50% trained Early Childhood Educators (4/8) requirement.</p>
