General Comments

A follow-up inspection was conducted during the afternoon. Children were observed outside play as well as transitioning to outside play.

During outside play, the children were observed climbing on the climbing dome, in the playhouse, having afternoon snack and climbing and jumping on the outside materials.

Two new staff files were reviewed and verified as complete, with all required documentation on file.

Discussions were held regarding the legislative changes affecting infants aged 12 months and older. The term and condition related to the infant sleep/rest area on the license will be updated to reflect these changes.

The facility is recommended for license renewal.
