### General Comments

#### Monitoring Inspection:

Children observed at arrival, during snack and transition to outdoor play. Each child was greeted and welcomed to the afterschool program this afternoon by their educator.

Purposeful planning is evident through documentation, photos and invitations set-up throughout the environment. The children are currently interested in building with loose parts. Educators have added a variety of loose parts to expand on this interest. A "Gingerbread Bakery" is set-up in the dramatic play area for the children to explore.

An inspection of the stationary equipment was conducted. The cribbing has been replaced and there is adequate surfacing under the equipment. A wagon with a variety of outdoor play materials is brought with the group during outdoor play.

Written evacuation procedures to be added to the floor plan evacuation map at the classroom door. To also be added to the Parent Board at the main entrance.

Handwashing routines were observed at arrival and before snack.

Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (1) review was completed, all required documents are in place.
