Name of Early Learning and Childcare Licensing Staff Jodi Hennessey		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

A monitoring inspection occurred today on the school-age program. During the March break the Educators indicated that they have taken the children sliding, today they were going snowshoeing after lunch, baking was planned as well as a pyjama/movie day for the last day of March Break.

The children were observed during inside and outside play, lunch, and preparing to go snowshoeing. Handwashing was also observed occurring after outside play and before lunch.

Mandatory attendance records were checked and observed completed.

Both indoor learning environments have a wide variety of age-appropriate materials for the children to interact and engage with. Children were also observed reading book, creating art, building with Lego, building in the carpentry/building centre.

Conversations were had with the Educators regarding the carpentry/building centre. It is recommended that a permission slip be sent you to the parents to inform them that their child(ren) will have access to a small hammer, nails, screwdriver, screws, wood etc. It was also recommended that the children wear safety goggles, gloves and be supervised when using these items. When adding new tools for the children to build/construct, it is recommended that the parents be informed of this as well.

Educators were observed re-directing behaviours using positive child guidance techniques and speaking kindly and appropriately to the children during the inspection.
