General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this morning including a neighborhood walk, outdoor play, fine motor activities, songs, and exploring sand and bubbles. Positive interactions were observed between the children and educators.

The indoor play areas are set-up with a variety of materials and invitations for children to explore freely. Each indoor play area appears to be organized and well-maintained.

Purposeful planning is evident through documentation displayed in the halls and within the learning environments. Documentation includes connections to the NB Curriculum Framework and next steps.

Handwashing routines were observed during washroom routines, before mealtimes and after outdoor play. QA Monitor discussed Diaper Changing Procedures with operator, as it was observed that staff did not leave disinfecting spray on changing pad for two minutes. Ensure Diaper Changing Procedures are reviewed with staff.

Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

Infant Daily Information sheets were observed to be complete.

New staff file (4) review was completed, all required documents are in place.
