<p>General Comments</p> <p>Upon licensing staff arrival for the renewal inspection, the children were not yet present. Following school dismissal, an educator greeted the children upstairs as they arrived from their day at East Coast Leadership Academy. The children made their way downstairs, placed their belongings in their designated cubbies, and gathered in a circle. The educator engaged them in conversation, asking about their day and any upcoming weekend plans. Once all children were done putting their stuff away, the educator completed attendance and reminded them to get ready to go outside, including the application of sunscreen.</p> <p>The classroom environment was organized and included a variety of play and learning opportunities such as board games, books, a craft station, an invitation to create a Father's Day or special someone card, a dramatic play kitchen/food area, and building blocks.</p> <p>The children transitioned smoothly to outdoor play, where they engaged in soccer and played on the structures. Some children played in the mud kitchen and engaged in pretend family games, while others were observed drawing on picnic tables. The outdoor space was equipped with materials such as pots, buckets, spoons, shovels, hula hoops, and a variety of balls.</p> <p>Children were permitted to enjoy snacks freely throughout the afternoon, with gentle reminders provided by the educators as needed.</p> <p>During the visit, staff and child files were reviewed and found to follow all regulations. Positive child guidance was consistently observed throughout the inspection.</p> <p>Licensing staff recommends for renewal.</p>
