Order for Compliance	Regulation	Date to be corrected	Date corrected
----------------------	------------	----------------------	----------------

<p><b>General Comments</b></p> <p>The following elements were also noted during the monitoring inspection:</p> <ul style="list-style-type: none"> <li>-Child-educator ratio.</li> <li>-Indoor play area and materials: New items have been added to the play environment, including a wooden table, a new veterinary-themed area with updated furniture, a sensory table equipped with lights and various materials for use on the light platform, sensory bottles, an "Our Learning" corner, as well as new dolls representing different ages, cultures, and nationalities for the dollhouse, along with an emotions poster.</li> <li>-A potty seat and a step stool are available in the bathroom.</li> <li>-Positive guidance with children: The quality assurance mentor observed several positive interactions. The educator encouraged a child to make an airplane, highlighting the child's skill in doing so. She also encouraged the children to tidy up and praised them individually by name.</li> <li>-Water is available to the children (water bottles), and the educator was observed holding the baby's bottle during feeding.</li> </ul> <p>During the monitoring inspection, the quality assurance monitor observed the end of the morning snack period (lunch box), free play, the reading of the book "Over and Under the Snow" (new book), and a planned activity involving the construction of paths and small houses.</p> <p>The quality assurance monitor also responded to the questions.</p> <p>The renewal application was handed directly to the quality assurance monitor.</p>
