<p>General Comments</p> <p>The purpose of this visit was to complete the renewal inspection as during last visit there were no children present.</p> <p>There were two children present on the day of this visit and the children were finishing up snack upon arrival. The children washed their hands and then moved into the play space where one of the children was building with big foam climbing blocks. and the other stayed very close to the operator.</p> <p>The Operator's attention was continuously on the children by asking them questions and engaging in their activities. They ask the children questions and is very respectful towards the children's needs and requests. The Operator was observed consoling a child and reassuring them at their level. The child guidance was observed as kind and positive.</p> <p>I can now recommend facility for licensing.</p>
