General Comments
-Early-morning visit to the establishment for an unexpected monitoring inspection -Ratio was respected during the visit -All staff records contain required checks and documentation -In all rooms, evidence of purposeful planning based on children's interest and learning, webbing, invitation, photos and learning stories were posted. -Educators facilitate children's learning by engaging in play and asking open-end questions. -Daily routine into the center includes; Outdoor play time at least once every 4-hour blocks time when the weather is permitting. Meal and snacks are served at the recognized hours and a daily rest period that meets the children's needs. -Each child has an easily accessible space to store their personal belongings, which is labeled with their name and used only for the intended child. -Two diaper changing station are found in the washroom on the main floor, individual space is provided for diapers and changing necessities. Both changing tables are equipped with a safety strap and covered with a non-absorbent layer, it is separated from the food preparation and is located one meter or less from a sink and children are always supervised during diaper changing. -New legislations were discussed with the administrator, we talk about the changes for the diaper changing station, that infants of 12 months of age can now sleep on cots and about the changes for supervision for infants during nap time that says; children at least two years of age may be supervised by one educator if a second educator is on the same floor as the rest area, in close proximity to the rest area and accessible. -New legislation about the administrator was also discussed; 10.2(3) An administrator of a licensed facility may designate a staff member to act on their behalf when they are unable to be present. -A first-aid kit and a telephone are available on-site, as well as during excursions outside of the daycare premises. -A kind reminder was given that hot beverages need to be in a spill-proof container and kept out of reach of infants and children that are two years of age. -During the visit infants carved and cleaned a pumpkin before going outside -There is a Fall challenge going on for all the groups within the center. Educator are exploring with pumpkins, apples oxidation, to the changes in nature-weather.

General Comments

-Administrator confirms that staff are doing well with their Professional learning hours.

Observations: When arriving at the center infants were getting ready to go for a walk, the Three's and the four's were already outside explore with that first layer of ice, the two-year-old joined them shortly after. When coming in infants got their diaper changed, ate lunch and went to sleep, same for the two's.

The three-year-old and the four's read books before transitioning to their lunch time.
