General Comments
<p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this afternoon including open ended art, reading stories, dramatic play and building. A small group of children were working on an ongoing project - building a city and roads with loose parts and art materials.</p> <p>Purposeful planning is evident through documentation on the planning sheet. Planning includes the children's current interests. In response to the recommendation noted at the last Monitoring Inspection, photos of the children have been added to the environment to support a sense of belonging and connection. QA Monitor discussed with educator setting up invitations for the children to explore when they arrive from school.</p> <p>Bus stop routines were observed today; educators were observed greeting each child and conducting head counts to ensure all children are present.</p> <p>Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.</p> <p>Handwashing routines were observed during washroom routines, upon arrival and before snack.</p> <p>Monthly fire drills are documented.</p> <p>New staff file (2) review was completed, all required documents are in place.</p>
