General Comments
Licensing Staff arrived at Sunshine Smile Daycare around 9:30am to conduct the Renewal Inspection. Upon arrival, the children were engaged in free play. Shortly afterward, the group began preparing to go outside. The children helped with cleanup, put on their outdoor shoes, and had sunscreen applied before lining up to leave. The Operator used a rope to assist the children during the walk to the fenced-in playground. During the walk, several children were observed tripping and becoming tangled in the rope. Licensing Staff discussed this with the Operator and suggested using a stroller or wagon as an alternative to help transport the children safely to the playground. Once outside, the Operator was observed engaging with the children as they pretended to be firefighters, rushing to put out fires. Other children played with Little Tikes cars, enjoyed the swings, and explored the sandbox. Before lunch, the children washed their hands in preparation for the meal. During mealtime an infant was visibly tired. Please ensure the daily schedule is flexible to meet the needs of the children. After lunch the children used the washroom and settled on their cot for nap time. During nap time staff and child files were reviewed and contained all required documents.
