<p><b>General Comments</b></p> <p>Licensing staff arrived at the licensed facility to conduct a license renewal inspection. Upon arriving at the licensed facility, children were still being dropped off for the day.</p> <p>The operator was very compassionate towards the children who were having difficulty with the transition from home to childcare. After snuggles from the operator the children quickly began playing with their friends.</p> <p>The children engaged in free play activities in the morning before cleaning up and washing their hands before having their snack. After snack, the children and the operator went into the porch to get their outdoor clothing on.</p> <p>The children played outdoors until coming in to eat their lunch and have quiet time.</p> <p>All child files were complete with the required documentation.</p> <p>Please add a Job Description and acknowledgment that the operator has read and understood the Early Childhood Services Act.</p> <p>Please ensure salt/sand is applied to the front step leading into the porch when it is slippery.</p> <p>Please remove the plastic windows that are broken on the climbing structure located on the outdoor play environment. Please put a piece of board in place when the broken plastic window, on the upper level of the climbing structure, is removed.</p> <p>Licensing staff recommends the licensed facility for their license renewal.</p>
