### General Comments

Inspector is onsite to complete the renewal inspection. Children were observed playing outdoors in the morning and enthusiastically shared with the inspector about a special tree they are beginning a project on; today marked the naming of the tree. Indoor play with plastic eggs, dancing, lunchtime and nap time were also observed

Discussions with the operator highlighted that documentation of the child's learning must be dated to allow the inspector to verify that it was completed within the renewal period.

Operator is currently completing her ECE anticipated certification in May 2026.

Ratio is respected during the renewal inspection.
