Comments: Monthly emergency evacuation and fire drills have not been completed since December 2025. These drills must be conducted and recorded monthly. The operator indicated that drills have been conducted monthly but not recorded; no documentation was available to support this. Licensing discussed that fire drills must be recorded in real time.			

<b>General Comments</b>
A monitoring inspection occurred in the afternoon.
School-Age: The children were observed arriving from school, washing their hands and heading outdoors to eat snack. After snack the children were observed playing soccer, engaged in a nature scavenger hunt, playing in

General Comments

the wooded area, playing tug of war, and drawing. The educators indicated that the children are currently interested in nature, specifically birds, building with Lego and crafts.

The room is well-organized and inviting, offering a varied supply of age-appropriate materials, books, and toys. Traffic areas are kept clean, and outdoor walkways are free of clutter. Toxic products such as cleaning agents are securely locked and inaccessible to children.

Positive child guidance techniques were observed. The educators were observed to be engaging at the children's level, providing appropriate supervision, using encouraging language, offering choices, and assisting children with decision-making

A clearly visible and prominent area was designated for the posting of the facility license, current monitoring reports, and any orders for compliance. Additional documents reviewed included incident logs, daily attendance records, one educator file, and records of evacuation and monthly fire drills.
