| 11(c)(ii) The qualifications and training requirements for administrators and educators are as follows: (c) at a full-time or part-time early learning and childcare centre, (ii) on and after July 1, 2020, (A) at least 50% of educators must hold a one-year Early Childhood Education Certificate or training that is equivalent in the opinion of the Minister, and (B) an administrator must hold a one-year Early Childhood Education Certificate or training that is equivalent in the opinion of the Minister. | 11(c)(ii)   | Jun 30, 2027         |                |
| Comments: During the follow-up inspection, the Quality Assurance Monitor observes that the facility does not meet the requirement that at least 50% of educators hold a one-year Early Childhood Education Certificate or equivalent training. The administrator indicates that one staff member is currently enrolled in an Early Childhood Education program and is expected to complete the program in June 2027.                                                                                                    |             |                      |                |
| 24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (e) administration of medication records.                                                                                                                                                                                                                                                                                                                        | 24(1)(e )   | Sep 18, 2026         | Sep 25, 2026   |
| Comments: During the follow-up inspection, the Quality Assurance Monitor observes that the medication administration record for non-prescribed medication is completed, includes all required information, and is signed by the parent/guardian. The Quality Assurance Monitor also observes that the staff member administering the medication completes all required information daily. Deficiency is now compliant                                                                                                   |             |                      |                |
| 24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (b) child records that include: (i) the child's name, address, birth date and Medicare number,                                                                                                                                                                                                                                                                   | 24(1)(b)(i) | Sep 23, 2026         | Sep 25, 2026   |
| Comments: During the follow-up inspection, the Quality Assurance Monitor reviews nine child records and observes that each file includes the child's Medicare number. Deficiency is now compliant                                                                                                                                                                                                                                                                                                                       |             |                      |                |
| 24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (b) child records that include: (v) the child's health history and a copy of the record of immunizations or a copy of an exemption.                                                                                                                                                                                                                              | 24(1)(b)(v) | Sep 23, 2026         | Sep 25, 2026   |
| Comments: During the follow-up inspection, the Quality Assurance Monitor reviews nine child records and observes that each file includes a copy of the child's immunization record or an exemption. | Comments: On September 17, 2026, the administrator confirmed by email that a review of all child records had been completed and that there were no allergies identified at the facility. During the follow-up inspection, while reviewing child records, the Quality Assurance Monitor observes that one child has a documented allergy. A discussion takes place with the administrator, who states that the child started attending the facility after the review of the records was completed. The administrator proceeds to post allergy information in the food preparation area. Deficiency is now compliant |            |                      |                |
