ELCC Licensing Staff Kiesha Cobbett	Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected

### General Comments

#### Renewal Inspection:

The Early Learning Home was inspected during the morning. Upon arrival, licensing staff observed the infants and preschool children preparing for their morning snack. After snack time, the children engaged in various activities, including singing, dancing, dress-up, magnetic block play, loose parts exploration, and dramatic play in the kitchen area.

The Operator was observed engaging in play and maintained positive interactions with the children. The Operator was at the children's level during conversations. When children became upset during free play, the Operator supported emotional regulation by encouraging them to express feelings to their peers.

A visual cleaning schedule was implemented, and children took turns checking off cleaned areas of the classroom.

The Operator facilitated a water and light activity, which included transparent buckets over string lights, containers with water and food coloring, and droppers. The Operator documented observations and asked open-ended questions to promote exploration of scientific concepts, such as color mixing.

Handwashing and diaper-changing procedures were observed and followed appropriately.

The following records were reviewed: Incident logs, fire drills, educator professional learning hours, infant toddler daily sheets, nap sheets, and daily attendance sheets.

Staff and child files were reviewed.

The following was discussed with the Operator:

1. Parent Board- Update Quality Assurance Monitor (QAM) and Inspector information, as well as the Operator's contact details.

General Comments

2. Staff and Child Files- Ensure all required documents and forms are present in each file.
3. Incident Logs- Create a binder to organize non-reportable incidents.
4. Outdoor Play- The backyard is currently closed due to fallen trees. The Operator informed licensing staff that children have been using the front yard and going for walks. Tree removal is scheduled for this week, and the outdoor play area will reopen on Monday, January 12, 2026.

The home is recommended for licensing.
