General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this afternoon including open-ended art, air hockey, dramatic play, outdoor play and sensory opportunities. A small group of children were observed "baking" with water and cotton balls in the dramatic play area. Real-life utensils and bowls were added to the environment to expand on the children's current interest of baking.

Purposeful planning is evident through invitations, documentation and materials added to the environments that support the interests of the children (baking, art, soccer, hockey, and basketball).

Handwashing routines were observed at arrival and before snack.

Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (1) review was completed. Job description to be added to one staff file.
