<p>General Comments</p> <p>The school-age children were observed as they arrived from school. As the children undressed, they were observed washing their hands before entering the classroom. The children were engaged in various activities, including mark-making, painting, playing basketball, and having discussions with their educators about the Olympics.</p> <p>The on-site administrator shared that Room 1 is currently not being used as a classroom due to lower enrollment numbers. The educators explained that they wanted to make intentional use of the space and created a large body movement area, a gross motor area, and a music therapy area for children to use as a breakaway space. During the inspection, it was noted that the front casing of the heater had come off. The on-site administrator advised that a work order has been submitted to the Church.</p> <p>Documentation was evident both inside the classrooms and in the hallways. Learning stories, pictures, and artwork were displayed, featuring topics such as sliding, nature, photography, and Valentine's Day.</p> <p>The following records were reviewed: incident logs, fire drills, and daily attendance sheets.</p> <p>All staff and child files were reviewed.</p> <p>Licensing staff discussed the importance of ensuring child files contain all required information.</p> <p>The facility is recommended for licensing.</p>
