General Comments Monitoring Inspection: Children and educators were observed engaged in a variety of activities this afternoon including fort building, dramatic play, and art. A small group of children were observed using wooden blocks and loose parts to create a dollhouse across the rug in dramatic play area. Another group was exploring clay by sculpting and experimenting with mixing colours. Purposeful planning is evident through documentation, invitations and materials added to the environments that support the children's current interests. Monthly fire drills are documented. Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection. New staff file (2) review was completed; all required documents are in place. Incident logs are complete and signed by parent/guardians.
