ELCC Licensing Staff Tanya Gaudet	Position Title Inspector	

Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>Licensing staff arrived at the licensed facility to conduct the License Renewal Inspection.</p> <p>Upon arriving at the licensed facility, the children were engaging in outdoor play time. While the children were outside, the preschool children used a sled to slide down the small snow hill while the infants played with play materials on the back porch. Shortly after licensing staff arrived at the licensed facility, the children and the operator headed back indoors for morning snack.</p> <p>Once the children finished their morning snack the educator set up a painting activity using water colours and white paper. When the children finished painting, they moved to an obstacle course that the children built earlier in the morning.</p> <p>The operator and children put together sun catchers and then put them on the window in the indoor play space.</p> <p>Throughout the inspection, the operator encouraged the children to use their words while problem solving with their peers. When the children expressed that they were hungry, the operator provided the children with snacks. The children had flavored fish crackers and yogurt drinks.</p> <p>All educator files were complete with the required documentation, and the child files were also complete with all required information.</p> <p>Licensing staff recommends the facility for their renewal of license.</p>
