General Comments -Late afternoon's visit to the afterschool program for an unexpected monitoring inspection -Ratio was respected during the visit -During the visit, it was observed that the educator is engaged with children providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way -The outdoor play area children have more than one type of surfacing to play and explore, the material offered is varied and in sufficient quantity for children present -Outdoor play area is maintained safe and free of hazards -A reminder was given to the educator that hot beverages must be kept in a sealed cup to be permitted in areas where children are present. No hot beverage was found on site. -The cleaning products kept on site are already diluted with water. No concentrated cleaning products or toxic product are stored at the after-school program. -Whitin the center the daily routine consists of a snack time when children are arriving from school, a free play period and/or a structured activity is proposed and outside play time at the end of the day -The educator has a valid first aid certificate -All children's files have been checked, profile and consent are all completed in due form Observations: When the children got into their room, some ate snack while others transitioned to free play, Legos and pretend play. A group of kids were working on doing their own chalk paint for a spray painting activity. Educator and the children were planning on going outside once they were done with their painting activity.
