During this visit, children played indoors while listening to Christmas music. The QAM observed snack time and free play.

No non-compliances were noted during this visit.

A discussion took place with the administrator regarding the new fence for the outdoor play area, which was scheduled for installation in early November. The administrator explained that the temporary fencing will remain in place due to delays in installation. The administrator must inform the Quality Assurance Monitor once the permanent fence is installed so that a follow-up visit can be scheduled.
