General Comments

Licensing staff arrived at the home at 9:10 AM upon arriving the operator greeted the mentor at the door and invited her in. The children were observed engaging in free play activities such as playing with magnetic blocks dolls and sensory toys. The operator was observed sitting on the floor while playing with the children. When a child was observed changing activities the operator took out more invitations and accessories and set them out so that the children could choose to engage with it if they wanted to. A verbal prompt was given to the children to identify transition times.

A three minute verbal prompt was given before cleaning up the indoor play materials and getting ready to have morning snack. The operator was heard singing a clean up song and encouraging the children to clean up with her the mentor heard the operator praising the children as they were cleaning up. The children gathered their lunch boxes and sat down at the table for their morning snack the operator ensured that the children had drinking water in their labeled water bottles and supervised the children while they ate.

After eating their snack one child chose to swing on the indoor swing while the other children chose to engage in the painting activity. The crater was observed preparing different colors of paint in small plates and setting out painting utensils such as brushes sponges and balloons so that the children could make Earth Day arts and crafts. After some time the children were observed finishing up their paintings before returning to the indoor play area. Once in the classroom the children were observed playing the floor is lava with the operator. The operator was observed engaging in the children's interests putting on some music to go along with the floors lava game while supervising the older children while at free play.

Later a verbal prompt was given to the children to use the washroom before getting ready to go play outside the operator helped the children get ready to go play outside and once ready brought the children outside in the backyard once in the backyard some children were observed playing in the wooded area and the dramatic play area while other children were observed playing in the sandbox the operator was observed sitting on a tree stump with a child while playing in the sandbox.

The indoor environment was clean various insufficient indoor play materials were observed on low accessible shelving a large bookshelf with age appropriate books were observed in the classroom a flower box sensory bin

General Comments

was at an accessible height for the children to engage with evidence of learning was posted on the bulletin board as there was a frog learning story with artifacts made by the children the children's personal belongings were properly stored and used only for the intended child the washroom was clean and the diaper changing policy was posted. The transition times were smooth the operator was actively engaged in the children's interests and activities while supervising them.
