General Comments A Monitoring Inspection was completed this afternoon. The indoor and outdoor environment was observed. The main playroom was observed, and several toys and materials were observed to be accessible and available to the children. The smaller room, where most of the arts & crafts activities take place, was observed. Several art related materials were observed – different types of paper, mark making materials, paint, pompoms, etc. Halloween themed sensory bins, and a color sorting activity were also observed. Several forms of documentation were observed in the smaller room and entry way – photos of children taking part in play, and photos of the children's artwork. A conversation was had regarding the children's current interests. Operator stated that the children are presently interested in music and singing. Parent Board was observed. All required documentation was displayed. Evacuation procedures and monthly fire drills were observed. The outside environment was observed. An arts and crafts table, a sand table, and a bin full of outside toys and materials were observed on the deck. A large gazebo covered this area and provided shade. On the grass, a playset with a slide and swings was observed. There was also a mud kitchen, with kitchen accessories. The current outdoor play area is not fenced. Operator stated that there are plans to add a fence to this area. Operator also stated that tree stumps would be added to the outdoor play area.
