General Comments The Quality Assurance Monitor is on site in the morning to conduct a monitoring inspection. The ratio was respected during the visit. The following elements were verified: - Child records - Signed consent in the child file - Checks - Staff files - Administrative records maintained on- site - Child Guidance - Ratio The Quality Assurance Monitor discussed with the operator an infant bottle that was not labelled with the child's name. All infant bottles must be clearly labelled with the name of the child to whom they belong. The Quality Assurance Monitor observed the children eating their afternoon snack from their lunch boxes. Following snack time, the children were observed playing in the indoor play area before transitioning outdoors. The children engaged in various activities, including playing in the sandbox, using the swing set, and playing with an automatic lizard toy. Positive interactions were observed between the operator and the children throughout the visit.
