General Comments
This was the first monitoring visit since the facility opened a couple weeks ago. Both children's and staff files were reviewed. The files contained all the proper documents. When licensing staff first arrived, the children were inside. They were engaged in a variety of activities from building with Lego, dramatic play, making bracelets with rubber bands, reading, playing with trucks, and drawing pictures at the table. After snack, the children went outside to the large outdoor play area. They were able to play basketball, hang on the climbing dome, make cake in the mud kitchen, dig in the dirt and play gaga ball. The educators were engaged with the children and attentive to their needs. Everything seemed to be running smoothly during the visit.
