General Comments

Monitoring Inspection:

Children and educators were observed engaged in a variety of outdoor play activities this morning. The group had built a tent and were using it as a hideout. Some children were exploring a field guide about birds and discussing facts about birds with their educator.

Purposeful planning was evident, with planning sheets reflecting the interests, materials, and opportunities available within the environment.

Handwashing routines were observed after outdoor play, before lunch and during washroom routines.
Chili, corn and rice were served for lunch.
Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (2) review was completed; all required documents are in place.
