<p>General Comments</p> <p>Monitoring Inspection:</p> <p>Children and educators observed engaged in a variety of activities this morning including music and movement, stories, open-ended art, building and gross motor play. All groups of children were observed in the outdoor play area or out for a walk. Positive interactions were observed between children and educators. Extra staff were observed helping during transition times, this ensures transitions are smooth and children are engaged.</p> <p>Each environment is set up with a variety of materials and invitations for the children to explore. Materials have been added to the environments that support the children's current interests. Documentation (photos, learning stories, questions, and webs) is displayed within each environment that supports the children's interests, learning and experiences.</p>
