General Comments

quiet time. The school-age children were observed during arrival from school, snack and free play.

Educators were observed engaged with the children at their level. Sitting with them during snack and lunch having meaningful and respectful conversations with them.

The learning environments in both the childcare and preschool/school-age room offer a wide variety of choice materials for the children to interact and engage with. The children's learning is displayed throughout each area, with current topics of interest documented.

Discussed with Executive Director updating the parent handbook regarding complaint procedures and how to contact ELC Staff (direct parents to the parent board).

Also discussed swimming in the summer the requirements of a lifeguard and reduced child-to-staff ratio.
