General Comments
<p>A renewal inspection was conducted today. No children were present as the facility has not been operating since March 2020.</p> <p>Rooms are set up with a wide variety of materials ready for the children to interact and engage with when they start the program.</p> <p>Discussed with administrator and owner the use of a 'buddy system' for the children to use the washroom facilities as they are located down the hall. Discussed at first for the first four-six weeks going with the younger children, especially kindergarten age to show them where the washrooms are and how to get back to the after school program.</p> <p>Discussed putting a sign in the hallway indicating where to go for the school-age program.</p>
