General Comments
<p>A follow up to the renewal inspection was conducted today. All outstanding orders for compliance were completed and the facility is recommended for license renewal pending the recommendation from Public Health.</p> <p>The children were observed engaged in art activities, playdough, dress-up/dramatic play and pretend play with action figures.</p> <p>The educators have created a very inviting and engaging environment for the school-age children. Upon their arrival from school, after handwashing, the children immediately went to the individual learning centres to interact with the materials.</p>
