| General Comments |
| <p>A renewal inspection occurred on September 9, 2024.</p> <p>The children were observed actively engaged in the different interest centres throughout the room. They were observed engaged in creative art, painting, reading, dress up, building with Lego, and Barbies/Dolls. The children were also observed having snack upon arrival from school. Outside play was also observed. Educators showed the Inspector, when asked documented proof of the children children's learning. This had been taken down earlier as the program was closed over the summer months and re-opened the first day of school.</p> <p>Educators were observed speaking kindly and appropriately to the children.</p> <p>All staff files and children's files were inspected during the renewal inspection.</p> <p>Facility is recommended for license renewal.</p> |
