General Comments

A renewal inspection occurred today.
Each of the learning environments support the children's growth and development with age-appropriate materials for them to interact and engage with.
Discussions were had with Educators in the two's and three's rooms regarding small items in the sensory bins. These can be used but must be under direct supervision from the Educators at all times.
Children's art and pictures of past activities and learning is displayed in each of the rooms.
Educators were observed speaking kindly and appropriately to the children, tending to their needs and actively engaged in their learning and play.
Facility is recommended for license renewal.
