General Comments
<p>Monitoring inspection completed today.</p> <p>Children and educators were observed during indoor play, outdoor play, lunch and quiet time. Webs of children's current interests and learning posted in all classrooms, and materials in the classrooms support the children's interests and learning. Materials are displayed in a way that makes them accessible for children to independently choose their activities.</p> <p>Discussed with operator challenge for children who do not nap disrupting those that nap. Recommendation for children who do nap to be combined with another group- ensuring ratio is maintained and children are signed in and out on attendance records.</p> <p>New staff files were reviewed.</p>
