10(1) The number of educators that are required for a group of children of mixed ages receiving services at a full-time or part-time early learning and childcare centre is calculated as follows: (a) by multiplying the number of children of the same age by the corresponding factor set out in Schedule A; and (b) by adding the results obtained under paragraph (a).	10(1)	Mar 25, 2021	
Comments: One educator alone with eight (8) children between 23 months and 3 years in the outdoor play area for more than 10 minutes.			
10(7) Despite subsection (1), infants shall not be grouped with children of another age group.	10(7)	Mar 25, 2021	
Comments: One (1) infant in upstairs preschool room. He has been in attendance in the preschool room for more than a month. It is not in the child's best interest that he be moved back to the toddler room since he will be turning 2 years of age on April 8, 2021. Going forward, no child is to be moved from the infant room to the preschool room before their second birthday.			

General Comments
<p>Learning environments are set up with a variety of materials for children. Documentation posted identifies the value and skills children are developing as they engage in a particular activity or invitation. Multiple project webs also value that there is more than one topic of interest.</p> <p>In the toddler room, children were engaged in story time with their educator. Their educator was very animated as she read aloud to them, keeping children engaged as she read several books before preparing for outdoor play.</p> <p>in the outdoor environment, bubbles were observed to be a favourite activity among the preschool children. Other children enjoyed the cars and sand table.</p> <p>New staff file reviewed was complete.</p>
