General Comments

A Monitoring Inspection was completed this morning.

Upon arrival, the 3/4-year-old children were playing outside, in the fenced in play area. After outside time, children were observed coming into the facility, washing their hands, and eating snack. After snack, children were observed washing their hands again. Children were observed reading books, before heading out to the park.

2's - The 2's were observed during inside play. Educators stated that many of the 2's are new this year, and that they were in the midst of "All About Me" activities.

3's - The 3's were finishing up inside play and were observed cleaning up their toys before snack. Children were observed washing their hands before snack. Children were observed sitting at their table, unpacking their snacks.

All rooms were organized and had plenty of materials. Several well-defined learning / play areas were observed in each room - cozy reading area, building area, arts and crafts, dramatic play, etc. Several forms of documentation were observed in each room - photos, learning stories, and children's artwork.

Positive child guidance techniques were observed by all educators - educators speaking in a positive tone, educators providing choices, and educators providing appropriate supervision.

The outdoor environment was observed. Several materials / activities were observed - mud kitchen, building area, bikes and cars, etc.
