General Comments
<p>A renewal inspection occurred today. Upon arrival at the childcare facility, all children were observed heading for a special outing to O'Connell Park for the morning. Inspector remained at the centre with the Operator and inspected the childcare environments.</p> <p>All staff files were reviewed and verified by Inspector.</p> <p>A random review of children's files occurred and were verified complete.</p> <p>When the children arrived back the childcare facility they were observed having lunch, preparing for afternoon snack and outside play.</p> <p>In each of the learning environments children's learning is documented and displayed using webs, art, learning stories, pictures/captions. Documentation was observed displayed down at the level of the children, making it easier for them to revisit their experiences.</p> <p>During lunch, the inspector observed, the educators sitting with the children engaged in conversations with them and asking them open ended questions.</p> <p>In the indoor learning environments, it was observed by the Inspector, that defined interest centers with age-appropriate materials for the children to interact and engage were available: art, dramatic play, book centre, blocks/ building, and sensory were available for all the children to interact and engage with.</p> <p>Children were also observed in the outside play area engaged in water play, riding cars, climbing and playing in the sandbox.</p>
