Name of Early Learning and Childcare Licensing Staff Patricia Kelley		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>Monitoring Inspection - COVID-19 Recovery Phase</p> <p>COVID-19 public health protocols are being followed and required documents are on-site. Handwashing was observed during inspection. There are four "bubble" groups and social distancing is occurring between the groups. Outdoor time is structured to ensure that only one group is in a designated play space at a time. Materials are being sanitized between groups. A cleaning schedule is being followed for indoor play area toys and materials, high touch surfaces and bathrooms.</p> <p>The children within each group, both indoors and outdoors, were observed to be fully engaged in play with their peers. The interest centers were set up with props and materials based on the interests of the children. The children reported their favorite activities and assured the inspector that they are enjoying their summer!</p> <p>Recommending creating an essential visitor log to document the visitor's name, contact number, purpose of the visit, screen (y/n), time in and time out. This is for the purpose of public health contact tracing.</p>
