Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments
<p>A renewal inspection was conducted today.</p> <p>Children were observed baking with their educator, supervised in the kitchen area. The children were making dark and white chocolate covered pretzels.</p> <p>A "seasonal tree" is erected in the learning environment and the children and educators change the decorations based on the season and/or holiday. Today it is decorated for summer with sunglasses, beach pail/shovels and flip-flops.</p> <p>The children were also observed painting and making flowers from bottom of pop bottles. The educator indicated that once dry the children will attach pipe cleaners to them for the stem.</p> <p>Discussed with School-Age administrator the use of Benadryl. This must be supplied by the parent, Appendix 6, Consent for Administration of Medication--Ongoing Treatment to be filled out by parent, the back of the document is where the educator records when the Benadryl is administered. This should be kept with the Benadryl and a copy put in the child's file.</p> <p>Lots of laughter and conversations were observed between the educators and the children.</p>
