General Comments
A Monitoring Inspection was completed this afternoon. Children were observed arriving at the facility, removing and hanging up their outdoor clothing, and then washing their hands. Children were observed taking part in a variety of activities, some of which included: eating snack, playing hockey, scratch pads, and making lava lamps. Educator shared their activity binder with QAM, and several great activities were observed within this binder. Several forms of documentation were also observed throughout the facility - learning stories, children's artwork, photos, etc. Positive child guidance techniques were observed - educators providing a several activity choices, educators using positive language, and educators involving children by giving them responsibility and letting them help.
