Comments: Upon arrival at the school-age program, Inspector observed forty-four (44) children in the large room with three (3) educators. This exceeds maximum group size for two educators. Maximum group size for two educators in a school-age program is thirty (30) with two educators. Discussed with Operator, Administrator and Educators during the inspection. Children had arrived back from an outing but should not have gathered in the area until lunch/snack time. Children had their lunch, then broke into the groups, to respect maximum group size.
