39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Dec 07, 2020	
Comments: Clorox spray and Lysol wipes stored in the bathrooms inaccessible to the children; not locked.			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (b) medications.	39(2)(b)	Dec 04, 2020	Dec 04, 2020
Comments: Medication in kitchen cupboard, unlocked. This medication was moved to locked storage during renewal inspection. Deficiency is now compliant.			

<p><b>General Comments</b></p> <p>Visit to complete the renewal inspection today.</p> <p>This facility currently has two bubble groups of children. Educators and children have a well established routine of the day, including indoor and outdoor play.</p> <p>There is evidence in the learning environments of the children's interests. Documentation of the children's experiences have been captured and reflect the children's learning.</p> <p>The educators were observed to engage in a positive way with the children while at their level in play as well as during mealtime. Valuing children is critical to the role of educators in addition to providing opportunities to foster and respect relationships among all through sharing, listening, creating and exploring together.</p>
