<p>General Comments</p> <p>Licensing staff arrived at the licensed facility to conduct a license renewal inspection on March 14th, 2023.</p> <p>The children were engaging in a painting activity using green paint, a home-made stamper, made from an empty thread spool, small corks, and white paper. The children were stamping shamrocks on their paper.</p> <p>Licensing staff noted an abundance of documented learning posted on the walls of the facility for the children to re-visit the learning experience. Child to staff ratio/supervision was in compliance according to the Early Childhood Services Act.</p> <p>The indoor play environment was very warm and inviting, and invitations of play were set up in the classroom for the children to engage with. Along with invitations of play set up, licensing staff noted distinct play centres set up throughout the indoor play space.</p> <p>While licensing staff was observing the children, the educators had a circle time where they read numerous books to the children. The educator was observed engaging the children during the story time by asking the children open-ended questions about the book.</p> <p>All staff and child files were very organized and complete with all of the required documentation.</p> <p>Licensing staff recommends this license to be renewed for 2023.</p>
