Name of Early Learning and Childcare Licensing Staff Britta Garnett		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p>General Comments</p> <p>4/5 Year Old Room: The children were engaged in play. The room is divided into different interest centers with a variety of materials accessible. Documentation is posted that shows the children's learning. It is nice to see educators sitting with the children during snack time. The dramatic play area could use some organization to make it more inviting.</p> <p>3/4 Year Old Room: The children in this group were engaged in play in the different interest centers around the room. Many materials and toys are accessible to the children. Recommend setting up invitations (mark making, art materials, manipulatives, etc) at each table to encourage children to explore and interact with each other.</p> <p>3 Year Old Room: The 3 year old group was heading outside on a Scavenger Hunt. They had a list with pictures of things they were searching for. It is nice to see children going on walks with purpose! The learning environment is set up and ready for play. A variety of materials and toys are accessible to the children. The room is well maintained and organized. Documentation and art work is displayed around the room.</p> <p>2 Year Old Room: Children and educators engaged in reading, songs and playdough play. The room is very well maintained, organized and inviting. Documentation is posted around the room showing the children's interests and learning. It is nice to see the children have individual learning stories as well as group ones. The educators observed getting down to the children's level and speaking in a kind way to each of them.</p> <p>Each room has a wonderful cozy area with a variety of books for the children to read. Documentation of each child's learning can be found in their portfolios. Wonderful things are happening in each room. Great work!</p>
