General Comments

A Monitoring Inspection was conducted this morning. Children were observed inside, during morning snack and free play. The morning snack was cereal and berries. Several well-defined learning / play centers were observed in each classroom. Some of the centers included but were not limited to the following: Arts & Crafts, Building, Reading, Dramatic Play, and Gross Motor. Each of the centers were observed to have ample materials and accessories. Several forms of documentation were observed in each classroom - learning stories, photos, children's art, etc. Positive child guidance techniques were observed in all classrooms - educators on the children's level, educators conversing with the children, and educators offering the children choices. The Parent Board was observed. The following documents were observed on the Parent Board: past monitoring and renewal inspection reports, contact information for licensing, information on the Board of Directors, Emergency Evacuation Drills, daily schedule, menu, and a notice of illness document. Attendance records were observed in each room and all were accurate.
