Comments: The pea gravel surfacing around the large play structure needs to be increased. To be increased. Please refer to pages 74-76 of the Operator's Manual for more information.			

<p><b>General Comments</b></p> <p>A Monitoring Inspection was completed this morning. Preschool children were observed both inside and outside. While inside, children were observed during free play. Children were observed playing with toy vehicles and Barbie Dolls. Educator was engaged with the children - talking, asking questions, and helping children share. Preschool Room - A discussion was had with educator and administrator regarding the lack of some materials - paint, chalk, markers, and cozy items for the reading corner. School age children were observed playing outside. School age children were enjoying the mud kitchen, and creating mud art, on the fence. A conversation was had with educators and administrator about an existing wooden sandbox. To be used, new sand will need to be added to the box, and the box will need to be covered when not in use. Administrator found a way of covering it during today's inspection - tarp &amp; original wooden covering. This would work. Children and</p>
--

General Comments

educators showed QAM a new flower and vegetable garden. Children and educators stated that they enjoy tending to the garden and watching the flowers and veggies grow. A conversation was had regarding the long grass, lining the fence. A discussion was had with Administrator, regarding this grass, and how it would need to be cut and maintained.
